there was more to the day of pentecost than the giving of spiritual gifts the real gift was that a group of people were changed from being separate to being one they received community such a corporate experience can happen today to you and your church a new command i give you love one another as i have loved you so you must love one another 35 by this everyone will know that you are my disciples if you love one another how do you take a group of christians for whom the gospel and christian life seems relatively powerless and

infuse into them power to change them and their church you need genuine apostolic think early church community not the type of community that you find in a monastery or among the amish but something that happens in the hearts of people this book describes such a thing and talks from both experience and scripture

the powerful teaching developed in this book began with a revelation the lord gave concerning the spirit of understanding a biblical anointing that enables a church to become a people of one heart and mind this is the grace that was poured out on the day of pentecost when with the coming of the holy spirit the disciples were changed from individuals with selfish ambition and petty jealousies to a christian community of deep love and agreement this great anointing in pentecost is what is required for the church today to again be such a people of one heart and mind a holy community

winner of the pneuma book award 2018 from the society for pentecostal studies pentecostalism is the most rapidly growing branch of christianity since the 20th century yet it does not lend itself well to a singular doctrine and there is therefore no single comprehensive account of pentecostal theology worldwide in this volume wolfgang vondey suggests an account of pentecostal theology that is genuine to pentecostals worldwide while allowing for different adaptation and explication among the various pentecostal groups he argues that pentecostal theology is fundamentally concerned with the renewal of the christian life identified by the transforming work of the holy spirit and directed toward the kingdom of god the book unfolds in two main parts illustrating the full gospel story and theology eleven chapters identify the spiritual underpinnings and motivations for pentecostal theology formulate a pentecostal theology of action translate apply and exemplify pentecostal practices and experiences and integrate pentecostal theology in the wider christian tradition

though the global center of christianity has been shifting south and east over the past few decades very few theological resources have dealt with the seismic changes afoot the majority world theology series seeks to remedy that lack by gathering well regarded christian thinkers from around the world to discuss the significance of christian teaching in their respective contexts the contributors to this volume reflect deeply on the role of the holy spirit in both the church and the world in dialogue with their respective contexts and cultures taking african asian and latin american cultural contexts into account gives rise to fresh questions and insights regarding the spirit s work as witnessed in the world and demonstrates how the theological heritage of the west is not adequate alone to address the theological necessities of communities worldwide
